Lynn,

Upon review the SGFO concurs with the Division's reclamation cost estimate of \$117,000 for Good Earth's GEM Mine.

Thank you,

Rody,, attached is our summary sheet for the reclamation cost estimate (escalated to 2020 dollars) which is our typical LMO escalation period (5 years) The amount came out to an even \$117,000. Please review and respond (hopefully with a concurrence that this amount is adequate.

Thanks.
